

# A1 Beach Pro Vienna 2024: New arena promises a cauldron of excitement

Preparations for the A1 Beach Pro Vienna from July 9-14 are entering the home straight: the new Red Bull Beach Arena is taking shape and is already being filled with sand. The best news: tickets are still available at [www.beachvolleyball.at](http://www.beachvolleyball.at)

The Red Bull Beach Arena will once again be a spectacular attraction in the heart of Vienna.

VIENNA: In just a few days, the first A1 Beach Pro Vienna, an Elite16 tournament organized by the FIVB, will begin on Heumarkt, where the stars of the scene will gather from July 9-14 to compete in the dress rehearsal for the Olympic Games in Paris. The Red Bull Beach Arena is taking shape: It will seat around 4000 fans and promises to be a real cauldron once again thanks to the classic stadium design without boxes. The good news for all those interested: tickets are still available for various day and night sessions at [www.beachvolleyball.at](http://www.beachvolleyball.at)!

#### Stars 650 tons of the finest sand for the beach stars

A milestone in the preparations that heralds the imminent event is the delivery of the soil on which dreams come true (or in which they sink): Over the past few days, 650 tons of the finest sand have been carted from the quartz works in Melk to Heumarkt. The huge piles are now being shaped so that nothing stands in the way of the women's qualifier on Tuesday, July 9, at 1 p.m. sharp. You can find all the facts and figures about the A1 Beach Pro Vienna on our [info sheet](#).

Tickets for the A1 Beach Pro Vienna are available [HERE](#), media accreditations are still possible under this [LINK](#).
